Subject Index

Volume 16, Numbers 1–12

A

Absenteeism
  decentralization and, 1:16
  variables contributing to, 3:38
Accountability
  developing bylaws in shared governance system (letter), 5:4
  readings on, 1:43
  See also Professionalism
Accounting system(s), fair for nursing department? (letter), 5:4
Acuity system(s)
  computerized, staffing for ICU based on, 10:21
  not indicative of nursing resource use, 6:19
  See also Patient classification system(s)
Administration. *See* Management
Admission, improving procedure for consumer, 9:14
Ambulatory care, patient classification system for, 4:23
Analgesia, patient controlled, traditional vs. mechanical, 9:18
Autonomy. *See* Accountability; Professionalism; Shared governance

B

Board of directors, developing relationships with, 1:37
Bonus incentive plan, using team concept, 6:8
Book reviews, 2:34, 10:4, 11:6
Budgeting, nurse managers' involvement in, job satisfaction and, 6:23
Bylaws, developing, in shared governance system (letter), 5:4

C

Care
  conceptual model for reducing stress among newly employed nurses, 1:28
  dissemination of research on, 1:26
  marketing of, 1:30
  nursing directors' philosophical views on, 1:28
  symbolism in nursing journal recruitment advertisements, 1:27
  symposium on, 1:25; (letters), 11:4
Care plan(s)
  computerized, 11:33
  computerized acuity system using, staffing an ICU using, 10:21
  nurses' attitudes toward, 1:42
CEUs
  articulating professional nursing practice behaviors, 2:20
  displacement orientation program for transferred nurses, 7/8:45
  economic analysis of comparable worth, 6:24
  effect of primary nursing on nursing quality assurance, 11:24
  managing organizational stress in nursing, 12:21
  multiple dimensions of staff nurse role conception, 10:31
  perspectives on nursing issues and health care trends, 1:17
  practical approaches to marketing, 9:33
  RNs may cost less than you think, 5:28
  unit-based research in a service setting, 4:35
  variables affecting length of stay, 3:12
Change
  choosing appropriate strategy for, 4:18
  shared governance as strategy for transforming organizations, 1:9, 2:11
Clinical nurse specialist(s)
  readings on, 11:44
  research role of, 4:10, 6:6
  role of, problems and solutions, 10:44
  time documentation of activities for evaluation of, 1:31
Clinical placement(s), subsequent employment in same institution, 4:39
Collaborative practice, professional behavior in, 10:39
Communication
  job satisfaction and, 9:19, 9:26
  readings on, 6:33
Comparable worth, economic analysis of (CEU), 6:24
Compensation
  bonus incentive plan using team concept, 6:8
  economic analysis of comparable worth (CEU), 6:24
  money as motivator, 9:4
Computer(s)
  acuity/care plan system using, ICU staffing based on, 10:21
  care plans using, 11:33
Conceptual model(s)
  application of, 2:4
  for care for employees, 1:28
  for nursing practice, pre-planning questions, 11:40
Consultant(s)
  corporate nurse, 7/8:13
  development of for-profit business in acute care setting, 11:9
  directory of, 2:36, 7/8:52
  human resource, 7/8:21
  readings on, 2:35
Cost containment
  incorporating economic perspective in education (editorials), 1:6
  monitoring for (book review), 2:34
